INFORMATION & HISTORY

O'SHAUHNESY DAM.
The dam was completed in 1934 [verify] after a long process, including a divisive political fight in [dates], with John Muir fighting the City and County of San Francisco, but losing in 1912 [verify] when Congress passed a law allowing the dam to be built. It took another 12 years for the dam to be built [characterize size]. Hetch Hetchy Area, Yosemite National Park.

YOSEMITE PARK ENTRANCE, BIG OAK FLAT.
The Big Oak Flat entrance allows entrance into the main part of Yosemite. [describe entrance fees]

YOSEMITE PARK ENTRANCE, HETCH HETCHY.
The Hetch Hetchy entrance allows entrance into the Hetch Hetchy area only of Yosemite. [describe entrance fees]

OLD RAILROAD TUNNEL.
This tunnel, carved out of rock, was for the Hetch Hetchy Railroad, a railway built specifically to build the dam to carry construction materials, and dismantled after the dam was complete.
